

THE BOURNEMOUTH-SWANAGE MOTOR ROAD AND FERRY COMPANY

(INCORPORATED BY ACT OF PARLIAMENT, 31st JULY, 1923)

PRESS RELEASE 31st July 2024

Sandbanks Ferry Toll application delayed

The Sandbanks Ferry Company has announced today that it has been necessary to withdraw the now previous toll application and submit a revised application.

This has come about following comments and requests, made during the consultation period, from the 'Consortium' of local Councils, as well as other interested parties. The Consortium asked for the application to be based on more up to date financial information and traffic volumes. We have now been able to provide this in the current application, which includes the inflationary impact of the delays.

Managing Director of the Ferry Company, Jason du Toit, said "We value the input from our users and always try to accommodate requests where possible. It is unfortunate that we have been delayed but we felt it was in the best interests of everyone to accommodate these requests."

Full details of the proposed increases can be found at <http://www.sandbanksferry.co.uk/application/>
